

# Good Health Corner..

“Happiness lies, first of all, in health”

George William Curtis

Hi, and welcome to Luci's Good Health Corner. Here I'll regularly set out health facts that have caught my attention and helped me to improve my own well being and the health of my family. Enjoy... I hope you get something out of them,

Keep well, Luci.

## Amazing Aloe Vera... soothes and heals.

Amazing Aloe Vera... soothes and heals.

The ancient Egyptians discovered the healing power of the aloe plant's thick gel in the tropical jungles of Africa. They named it the plant of "immortality". This knowledge was passed onto the Greeks and Romans who used the gel to help heal sores and wounds.

Its properties derive from the fact that the aloe vera gel is rich in enzymes, vitamins, amino acids, proteins, steroids and minerals.

Recent research has shown that the gel extracted from Aloe barbadensis Miller has many properties. Aloe Vera gel...

### Overuse of Antacids.

... may cause problems

if taken too regularly.

Antacids usually contain calcium, aluminium and magnesium. A **high intake of calcium** may increase the incidence of **kidney stones**.

**High doses of aluminium** may cause **brittle bones** and may be linked to **Alzheimer's disease**.

**Too much magnesium** may induce diarrhoea and complicate kidney disease.

Taken close to meal time, antacids can neutralize stomach acid so much that food isn't digested adequately.

**So don't overdose on antacids!**

*Seek medical advice instead.*

- Is anti-inflammatory
- Cleanses infected wounds
- Has antibacterial properties
- Inhibits scarring
- Is a coagulant
- Soothes and alleviates pain
- Is an astringent
- Helps irritable bowel and digestive problems
- Soothes burns and bites
- Is effective with skin problems from dandruff, acne, eczema to fungal infections.

**Deep Vein Thrombosis** may affect up to **one out of every 100** long distance plane travellers. That means up to 5 passengers on a jumbo aircraft may suffer blood clots.

Taking **aspirin** several days before flying may help prevent DVT (check with your doctor), as will special elastic stockings (from your chemist), avoiding alcohol, drinking plenty of water, and in-flight exercises during the voyage.

**\* P.S.** I've recently begun using a **great range of health and skin care products** that have helped me enormously. **I'd love to share my experience with you...** to find out more simply read on ...

**Thank you so much for letting me share my experience with you!**

Hi, my name is Luci... I'm in my fifties, a mother to two wonderful sons (ages 29 and 27), and have been married to the same guy for 35 years. Basically, I've always tried to look after my health by eating well and exercising regularly. I've never been overweight although my sweet tooth meant I was often trying to shed those **few pounds of extra weight that have a habit of sneaking up on us so easily.**

I've suffered from asthma for over 10 years and during the past 2 to 3 years was dismayed to find it was getting much worse. My asthma was getting to the stage where it was making my life uncomfortable and making me feel vulnerable. I was forced to take Serotide (a preventative) daily. To make things worse, my immune system seemed to be in the basement allowing me to catch every virus and germ that was going around.

Then I met Israel. I was surprised no end when he showed me a photo of how he used to look... oh, what a change. ***The difference was amazing!***

**Then he told me how he did it... Herbalife!**

**And just what is Herbalife? Israel described it as a company that specializes in weight loss, weight gain, enhancing athletic sporting performance, skin care, and general health and nutrition.** The company is listed on the American stock exchange, turned over \$2 billion last year, has a state-of-the-art research laboratory at UCLA, and operates in 60 countries around the world.

He told me the products were a combination of vitamin and mineral supplements, pure food components and Eastern herbs. He talked about "Cellular Nutrition", "Detoxification", "Thermojetics"... and other things I didn't really understand. **Sure... I was sceptical... still... I was desperate enough to give it a try! And guess what.....**

**..... It really worked!**

After 2 months on the Herbalife program I cut my asthma medication use by 75%, my hay fever improved, I lost some flab around my waist, my energy levels improved dramatically, and my immune system seemed to kick up a couple of notches.

I was thrilled with what Herbalife did for my health and energy levels, and would recommend these products to anyone who treasures their health, and the health of their family and friends.

*To find out more about these great products and how Herbalife can improve your health simply  [www.herbalife.com](http://www.herbalife.com)*

After you've checked out this great range of products and the solid company behind them, feel free to contact me here at LIFE TODAY. Israel and I would be only too happy to get you started on a program that will benefit you enormously! [luci@lifetoday.com.au](mailto:luci@lifetoday.com.au)

*Then, once you've experienced the benefits of Herbalife you can even go the next step and become a distributor. Not only will this entitle you to buy these products at a fabulous discount..... you'll also be able to begin earning an income.*

*The possibilities are endless! With the health industry growing at a phenomenal rate all around the world, now is the time to jump on board.*

To find out how you can set up an income stream, meet great people and achieve a lifestyle with travel opportunities you could only dream about
